

1725 Sharp Point Drive, Fort Collins, Colorado, 80525, 970-482-9800
A John J. Irwin School of Excellence

August 31, 2016

Dear Liberty Parents and Teachers:

Located in the main office at Liberty Common School is the Asbestos Management Plan for the school, stating that no asbestos products or building materials were used in the construction of the building.

A copy of the architect's notice of asbestos free work is included. On July 1, 2013 DS Consulting was contracted to inspect Liberty Common School for friable or non-friable building materials (ACBM). No ACBM were identified or found in the resulting lab test or onsite inspection. All letters from contractors, lab tests, correspondence, and on site analysis are included in the Asbestos Management Plan for you to read.

Please feel free to contact me with any question at 970-482-9800 ext. 3121. DS Consulting's contact information is 720-201-6611 Dave Sinkbeil Environmental Consulting Industrial Hygiene. Colorado Department of public Health and Environment contact information is 303-691-4959 or 800-886-7689.

Sincerely,

Richard P. Rencher
Building Manager
